Exemption From Immunization Requirements

What is the purpose of this form?

Because our program has a potential for communicable diseases, we recommend that program participants are appropriately immunized for, at minimum, the following diseases: tetanus, mumps, measles, rubella, polio, pertussis (whooping cough), and diphtheria. This being said, we recognize that some individuals may not be fully immunized for reasons that are biophysical (e.g., the individual is allergic to a serum component) or of personal choice (e.g., faith belief). This form is intended to capture information about individuals who are not fully immunized.

Who should complete this form?

- A custodial parent/legal guardian of an underage camper who is not fully immunized.
- An adult participant, including a staff member, who is not fully immunized.
