Welcome to International Ivy

We are so thrilled to have your family join us for another incredible summer! The International Ivy Summer Enrichment Program is designed to be a place where every child feels welcome, challenged, and celebrated. Our goal is simple: to send your child home each day having learned something new, made a friend, and had genuine fun.

Our Program Philosophy

Camp is about more than just classes. It's where children build independence, discover new passions, and learn to handle success and setbacks with grace. We create a community free from peer pressure and bullying — a place where every child belongs.

Our Teaching Philosophy

We believe students learn best by doing. Each class follows a rhythm: 20–30 minutes of instructor-led discussion or demonstration, followed by 60–70 minutes of hands-on student activity. After a break, the cycle repeats. Instructors guide, encourage, and celebrate every student's progress.

Camp Locations & Session Dates

International Ivy operates at nine premier locations across New Jersey in 2026. Sessions are weekly — you may register for one week or many. All sites offer both Full-Day and Half-Day options.

Drop-Off & Pick-Up Overview

Safe, efficient transitions at the start and end of each day are one of our top priorities. Please review the general procedures below, then refer to the **site-specific directions** at the end of this handbook for exact maps and instructions for your location.

Drive-Thru Sites

At Chatham, Short Hills, Saddle River, Somerset, Summit, and Wayne, we use a drive-thru system. Please **stay in your car**. Staff will come to you at drop-off and bring your child to your car at pick-up. Plan for extra time during busy windows.

Park & Walk Sites

At Basking Ridge, Princeton and Scotch Plains, please park your car and walk your child to the entrance. International Ivy staff in program t-shirts will be stationed at the door to receive and release campers.

Authorized Pick-Up Only. Only adults listed on the registration form may collect a child. Staff may ask for your name or photo ID. If someone not on file needs to pick up your child in an emergency, email the Site Director in advance. No child will ever be released to an unauthorized person.

Absences, Late Arrivals & Early Pick-Up

Life happens — here's how to handle common schedule changes smoothly so your child's day is as uninterrupted as possible.

Reporting an Absence

Call or email your Site Director **by 9:00 AM** on the day of the absence. Contact information is on page 3 of this handbook. This helps us manage supervision ratios and keeps our records accurate.

Arriving Late

Call the Program Office before arriving. A staff member will meet you at the designated entrance and walk your child to their classroom. Do not send your child in unaccompanied.

Leaving Early

Write a note to your Site Director and hand it to a staff member at morning drop-off, OR call/email ahead of time. Include your child's name, date, and planned early pick-up time. **You may not go to the classroom.** Meet your child at the designated entrance and sign them out.

Field Games

Kickball, Capture the Flag, and team sports

Creative Arts

Arts & Crafts, Drawing, Creative Writing

Quiet Time

Reading, Board Games, Legos and Nature Walks

Performing Arts

Ivy Points & the Treasure Chest

Instructors award Ivy Points for participation, completing projects, helping classmates, sharing work, and dressing up for Theme Thursdays. Students can redeem their points at the **Treasure Chest** — our in-camp store filled with prizes. Hard work and good behavior always pay off!

Health Policy

The health and safety of every child in our program is our highest priority. We require up-to-date health records for all enrolled students, and we work closely with parents to support each child's well-being throughout the summer.

→ Health Records Required

A completed Health History Form must be on file before your child's first day. Parents may complete this form themselves — no physician signature required. Please be thorough and accurate so we can provide the best possible care.

→ Illness at Camp

If a child shows symptoms of illness during the day, they will be moved to an isolation area with a staff member nearby. Parents will be called immediately to pick up the child. If parents cannot be reached, emergency contacts will be notified.

→ Returning After Illness

A child may return to camp either with a physician's note stating they present no risk to others, OR 24 hours after all symptoms have ceased. If your child contracts a contagious illness, please notify us immediately.

→ Pre-Existing Conditions

Please notify the Program Director of any pre-existing injuries, serious medical conditions, or emotional/behavioral history so we can accommodate your child's specific needs before the summer begins.

 The Program does not carry or provide accident or medical insurance. Your personal health insurance is the primary coverage for your child.

 The Program is licensed and equipped to care for children in good health. The Program reserves the right to deny any child's admittance on any given day for reasons of obvious illness. The Program may request early departure should symptoms become obvious during the course of the day. Tuition will not be adjusted due to absence.

Medication Administration

We want to support every child's health needs during the program day. If your child requires medication to be administered during the camp day, please follow these procedures carefully to ensure safe and proper administration.

1

Step 1: Complete the Medicine Release Form

A signed Medicine Release Form is required for every medication — both prescription and over-the-counter. A separate form is needed for each medication. Download the form at:

iisummer.com/forms

2

Step 2: Provide Medication in Original Container

Medication must be delivered in its original pharmacy container, clearly labeled with your child's name and doctor's instructions. Children should not carry medication themselves. Exceptions: epi-pens and inhalers, with a doctor's authorization on file.

3

Step 3: Confirm Dosage Instructions

Over-the-counter medications will be administered per label instructions for the child's age and weight. If a physician has different instructions, written documentation must be provided. Fax physician instructions to (908) 363-1016, Attn: Program Director.

- ❑ International Ivy may only administer **oral medications**. We cannot administer anal, intravenous, or other non-oral medication types. Medications are administered and documented by the Site Director.

COVID-19 Safety Protocols

We remain committed to keeping our community healthy. The following protocols are in effect for Summer 2026 and may be updated based on state and local health guidance.

Face Coverings

Face masks are optional for Summer 2026. Masking rules may change based on state and local guidance. Surgical-type masks are available if needed.

Hygiene

Campers sanitize hands frequently throughout the day, especially before and after meals and snacks. Staff wipe frequently-touched surfaces twice daily.

If Someone Gets Sick

Campers with symptoms or a fever above 100.4°F will be isolated and supervised until picked up. Those who test positive for COVID-19 must isolate regardless of vaccination status and provide a negative PCR test before returning.

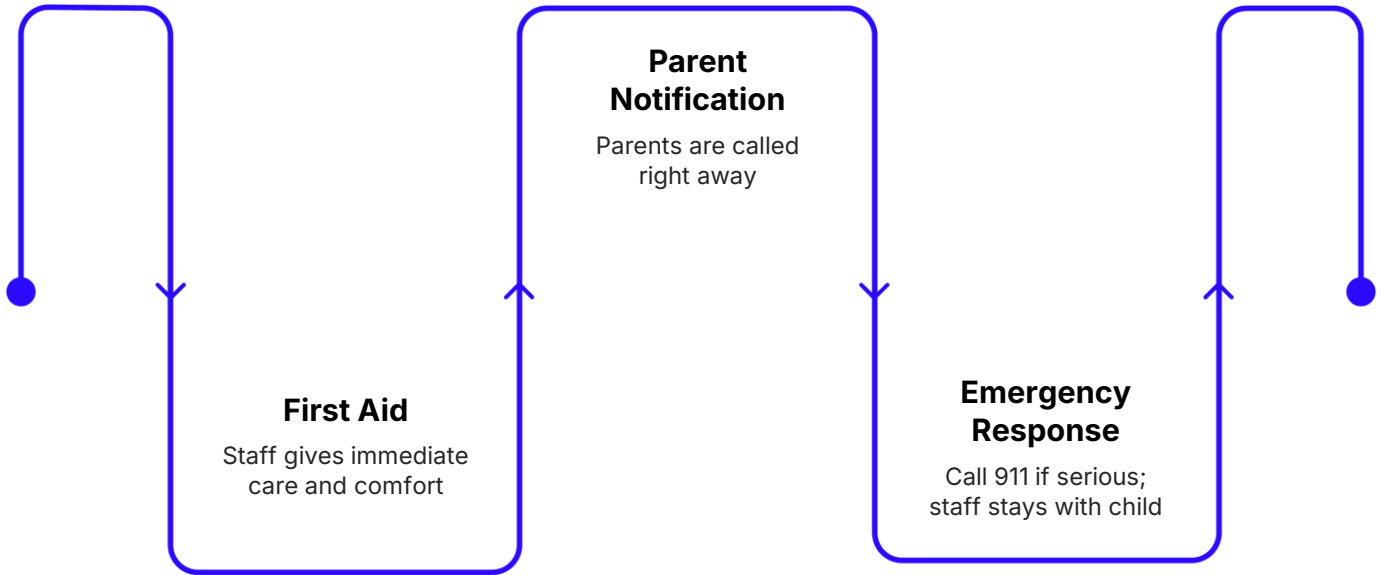

Visitors

Visitors are discouraged from entering facilities. Visitors who must enter require a temperature check and face mask at all times.

  **Stay Home if Sick.** If your camper is unwell, please keep them home and notify your Site Director. This is critically important for protecting our entire community.

Accidents & Injuries

Our site directors are trained in first aid, CPR, and AED operation. A certified staff member is always on site. In the event of any injury or illness, here's exactly what to expect.

An incident report will be completed for every injury or illness and kept on file at the Program. In all but the most serious cases, children are given time to rest before returning to activities or being picked up. If immediate medical attention is needed and parents cannot be reached, an ambulance will be called and a staff member will accompany the child to the hospital.

Special Needs & Accommodations

Our goal is to be as inclusive as possible while ensuring that every child — including yours — has a positive and enriching experience. We welcome children of all abilities and are committed to working with families to find the right fit.

Informing Us in Advance

If your child requires an aide during the school year, please let us know at registration. Parents may be asked to provide an aide at their own cost if the Site Director determines it is necessary for successful participation. Any aide must pass a criminal background and sex offender check before being present at the Program.

Sensitive Health Conditions

Please inform the Program Director if your child has experienced any of the following: psychiatric or serious medical conditions, hospitalization for physical or emotional reasons in the past year, traumatic reactions to family events (separation, divorce, death), or is off medication for the summer. This information helps us serve every child with care and intentionality.

There may be rare circumstances where, despite every effort, we are unable to meet a child's needs within the program structure. In such cases, for the well-being of the child and the broader community, the child may be asked to leave.

Prohibited Items

To keep the program environment focused, safe, and fair for all campers, certain items are not permitted on Program grounds. Please review this list with your child before the first day.

Electronics

Cell phones must be turned off and out of sight during the program day. Handheld games (Switch, 3DS, PSP, etc.) and personal electronics are also prohibited. Items will be confiscated and returned to parents at end of day. *Exception: cell phones needed for medical monitoring (e.g., glucose levels).*

Smart Watches

Smart watches must be set to "school mode" to prevent disruption during class time.

Toys & Personal Items

Toys and personal items interfere with the program and will be confiscated. The Program is not responsible for lost, stolen, or damaged personal items.

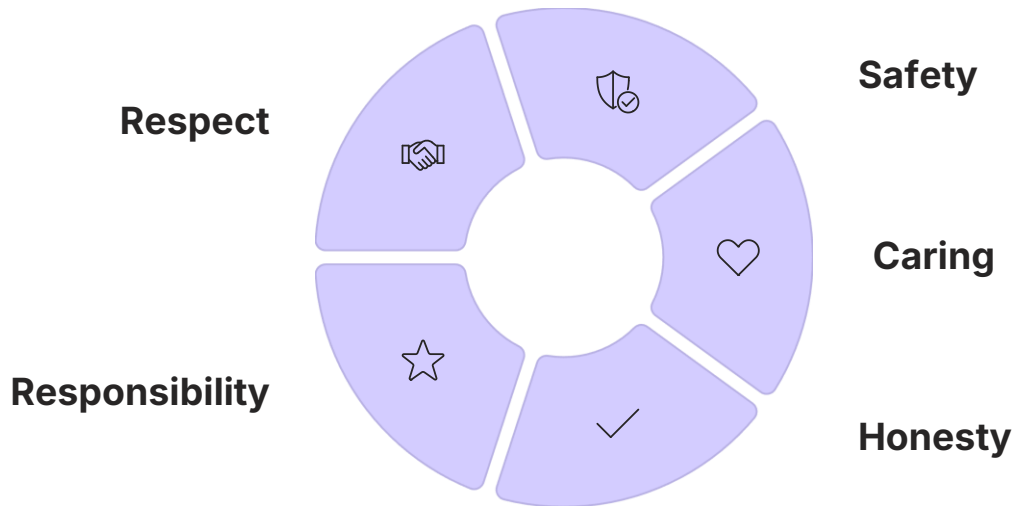

Strictly Prohibited

Personal sports equipment, vehicles, animals, and weapons of any kind are never permitted on Program grounds.

 The Program is not responsible for lost, stolen or damaged items.

Program Rules & Discipline

The International Ivy Summer Program is built on five core values that guide the behavior of every camper and staff member throughout the summer. We believe that a safe, respectful community makes everything else possible.

Staff focus on positive reinforcement and role-modeling. When behavioral issues arise, the Site Director and parents will be informed and a support plan developed collaboratively. Children may be asked to leave the program for serious violations including dangerous or threatening behavior, bullying, possession of weapons, vandalism, disrespect, bigotry, sexual misconduct, or substance possession. The Program reserves the right to suspend or expel any student posing serious or ongoing discipline problems, whether or not all of the steps in the progressive discipline plan have been completed. Children may also be asked to leave the Program if the parent demonstrates dangerous, threatening or abusive behaviors towards staff.

Bullying Prevention

At International Ivy, bullying is **inexcusable**. We maintain a firm, zero-tolerance policy against bullying of any kind — physical, verbal, or social. Our leadership team takes every report seriously and responds swiftly.

Our goal is for every camper to go home each day happier, more confident, and more connected than when they arrived. Bullying has no place in that story.

Our staff are trained to promote open communication, celebrate diversity, and build an atmosphere of genuine inclusion. We encourage parents to communicate concerns to the Site Director **immediately** so that issues can be addressed before they escalate. We want victims to feel safe returning to camp, and we want those who bully to face meaningful, immediate consequences. Only through true parent-staff partnership can we stamp out bullying altogether.

Supervision, Staffing & Safety

Every staff member at International Ivy is carefully selected for their expertise, character, and passion for working with young people. Our hiring process is rigorous and our ongoing training is comprehensive.

Hiring Process

Face-to-face interview, reference checks, criminal background check, and comprehensive training before the first day.

First Aid Certified

Site Directors are trained in First Aid, CPR, and AED. All staff are trained in child abuse prevention and emergency procedures.

Low Staff-to-Child Ratios

1:8 for ages 5–7 and 1:10 for ages 8+. Small groups mean more individual attention for every child. Two staff members are always present when the program is in session.

Emergency Drills

To ensure preparedness, the Program conducts regular safety drills throughout the summer: **Fire Drills** (once a month), **External Threat Drills** (once a month), and **Lost Student Drills** (bi-weekly). Drill procedures are reviewed regularly with all staff.

Communication & Community

We believe great outcomes for children happen when parents and staff work as true partners. Our team is always available and always interested in hearing from you — whether it's a question, a concern, or a celebration.

Call or Email

Contact your Site Director at any time. Phone and email details are on the first page of this handbook. Please update us immediately with any phone number changes.

Social Media & Blog

We post weekly photos, videos, and blog entries. No names are ever associated with student images. Visit our [website](#), [YouTube channel](#), [blog](#), and [Flickr photo gallery](#).

Birthdays & Milestones

We love to celebrate our campers! Please speak with your Site Director ahead of time to plan any birthday celebration. Some restrictions may apply.

Photography Policy: No student names are released with any photos or videos. If you do not want your child featured in Program materials or advertising, please notify International Ivy in writing before classes begin.

Transportation

The Program does not provide transportation to or from any site. Parents and guardians are responsible for bringing their child to and from camp each day. Program staff may not transport enrolled children under any circumstances.

Rideshare Services (Uber/Lyft)

Uber and Lyft drivers are **not permitted** to pick up campers unless an authorized adult listed on the registration form is physically present in the vehicle.

Walking Home

Campers aged 12 and older may walk home with a completed and signed authorization form submitted to the Site Director in advance. Download the form here: [Walking Home Release Form](#)

Lost & Found and Visitation

Lost & Found

Lost and found items are displayed every Friday for campers to browse. Any unclaimed items at the end of the Program will be donated to those in need. Please label everything with your child's name to ensure safe return. The Program assumes no responsibility for lost personal property.

Visitation Policy

To minimize health risks for campers and staff, parents and visitors are asked to remain outside our facilities. Any questions or concerns should be addressed with the Site Director at drop-off, pick-up, or via phone or email.

Child Abuse Prevention & Reporting

The safety and dignity of every child in our program is non-negotiable. International Ivy has a strict zero-tolerance policy against inappropriate touch and any form of verbal or physical abuse.

Immediate Response

Any staff member accused of inappropriate behavior will be immediately suspended from the Program pending a full investigation. Reinstatement only occurs after all allegations have been cleared to the satisfaction of the Program Director.

Mandatory Reporting

The Program Director will report all incidents in accordance with New Jersey State Law through the Child Abuse Prevention Hotline: **1-800-792-8610** (24 hours/day). Corporal punishment and neglect are treated as child abuse issues and reported accordingly.

Parent Notification

Parents or legal guardians of any child involved in an alleged incident will be notified promptly and directly by the Program Director.

Waivers, Privacy & Other Policies
